Two Teachers Admired by All Are Award

Dedicated to Mr. John Pastor

A warm welcome was always felt by students when talking with Mr. John Pastor. There was always time to talk over problems in the classroom, as well as personal problems. Many students could be found in his room between classes just shooting the breeze. He was always a friend but also always in command of his classes. Mr. Pastor held the respect of all his students. This held true in class as well as on the basketball court; he led the J.V. basketball team to many victories. These are just a few of the reasons the San Juan student body has dedicated the 1973-74 yearbook to Mr. John Pastor.

ed Spartan Honors for Their Concern

Special Recognition to Ms. Marcia Haley

Each year the faculty selects one teacher who they feel has given more of himself for the good of both the student body and faculty. This year was no exception as Ms. Marcia Haley was chosen for Special Recognition. Her dynamic personality led the student body to a new form of government. She helped push and encourage many new reforms. Her warm heart and willingness to help gave the students the extra encouragement they needed. Ms. Haley devoted her time not only to her students in the classroom as well as to many outside activities.

Two Special Awards

San Juan Honors Mrs. Estaline Mulch

The San Juan Greenback Notes Staff would like to dedicate this page to Mrs. Estaline Mulch, who has been a loyal Spartan for fifty years.

In 1923 Mrs. Mulch, then "Jincks" Taylor, entered San Juan. She was a straight "A" student and ranked at the top of her class of thirty-seven students. In her senior year she was elected Student Body President.

Working in the cafeteria and driving a bus were among her first jobs at San Juan. In 1947 she became secretary to Mr. Mooney, the first principal of San Juan. Mrs. Mulch later became financial secretary and has served in that capacity under five different principals. She has been in charge of the student store, shop cards, and annuals.

This one page can only begin to thank Mrs. Mulch for her endless hours of work and dedication. With this page the students would like to show their gratitude to Mrs. Mulch and wish her and her husband, Mr. Elmer Franzen, the best of luck.

and Mr. Joseph Brouillette

Many people complain about today's world, but only a few try to change it. Mr. Joseph Brouillette, a Social Studies teacher, decided to try to change our world by running for Governor. He used only his money, and accepted no contributions or donations so that he would start his career without any obligations. Although Mr. Brouillette's chances of winning the governorship are few, we feel the mere fact that he is making an effort is commendable, and is a good example to be followed by all.

This year student government got off to a slow start. San Juan was confronted with a totally different form of government which proved to be very successful. Due to the success of our new constitution three other schools in the surrounding area are adopting constitutions similar to ours.

Frosh, Representative, LAURA LYONS, worked diligently for student government during the 1st semester.

After a semester of getting organized and all the complication ironed out, student government took off at a roaring pace. Some of their accomplishments of the 2nd semester were getting the break back for next year, appearance of the school was greatly improved by replacing the benches and tables between the halls, and probably the most important accomplishment was that the finances were put into the hands of students instead of the administrators.

Senior representative, SHIRLEY MITSUHASHI, displayed enthusiasm over accomplishments by the student government class.

LISA WILSON, JR. rep., worked very hard in fulfilling her role as representative.

To become a member, a student had to show their abilities in the field of Journalism as well as having to maintain a "B" average in all of their other classes. This club was advised by Miss Ruth A. Morgan, who supported the club in all of its activities. At the end of the year all members received installation pins and keys to signify their membership in the organization.

Quill & Scroll members KIM MICHAELS and DAMIAN STRAHL sat in at a Quill & Scroll meeting.

Attracted Students With Active Minds

The Newspaper Staff strove hard to obtain all of the school news and activities that happened during the 1973-74 school year. After the first few weeks of getting to know their new advisor, Mrs. Walker, both she and the staff exhibited their unity and dedication, as they published successful editions of their paper. Led by editor CELESTE STOREY, the staff worked diligently, writing excellent articles in every phase of human interest, showing their ability as good reporters.

Understanding Future Government

Girls' and Boys' State and Model U.N.

Kevin Pendergast proved to San Juan his abilities at the 1973 Boy's State. Kevin was chosen by the faculty and administration to attend this convention which was sponsored by the American Legion. As a student at San Juan, Kevin showed the necessary desires and skills to co-operate with administrators toward students best interests. Kevin described the convention as a fantastic experience. While there, he took part in many activities including problems in city, county and state governments.

ABOVE: Kevin Pendergast showed a willingness to work in student affairs and was chosen to represent Boy's State.

BELOW: Joan Hall was chosen as San Juan's representative to Girl's State as a result of her work in student government.

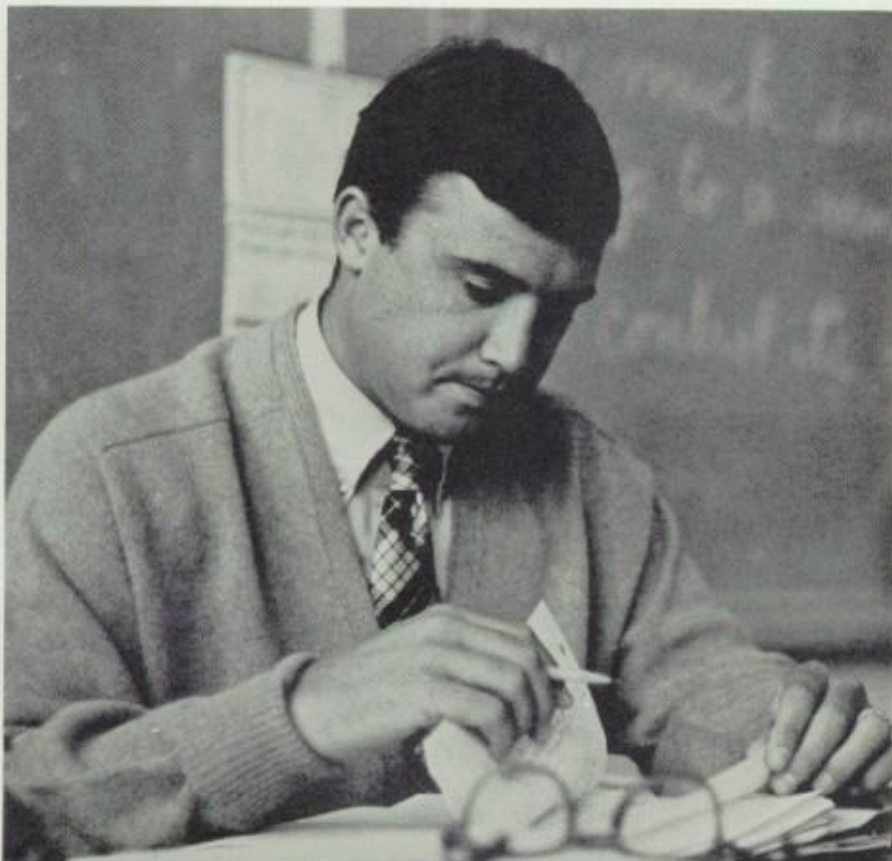

Picked as representative for 1973 Girl's State was Joan Hall. During this event, students participated in various levels of governmental activities. Mock elections were held and mayors, senators, representatives and a governor were elected. After the elections the congressional members proposed bills and set up legislation on many controversial issues.

Its members spent much of their extra time preparing legislation to be brought up at the Model U.N. convention which they attended February 14, 15, and 16, 1974. Representing the country of Ireland, the team made a great hit with the other schools as they gave away Irish potatoes during the convention. Splitting up into delegates on various committees such as economics. All of San Juan's interested students represented the country well.

Under the supervision of MRS. DONNA TRAYLOR the AFS club brought off an enterprising and successful year. AFS, American Field Service, is an international organization which aides in broadening the horizons of young people all over the world. This year San Juan's foreign exchange student was Mike McLean from New Zealand. Mike was very active in student activities; like kicking off for the football team. AFS members worked through fund raising to earn money to sponsor Mike. In doing this the students showed their concern for world harmony.

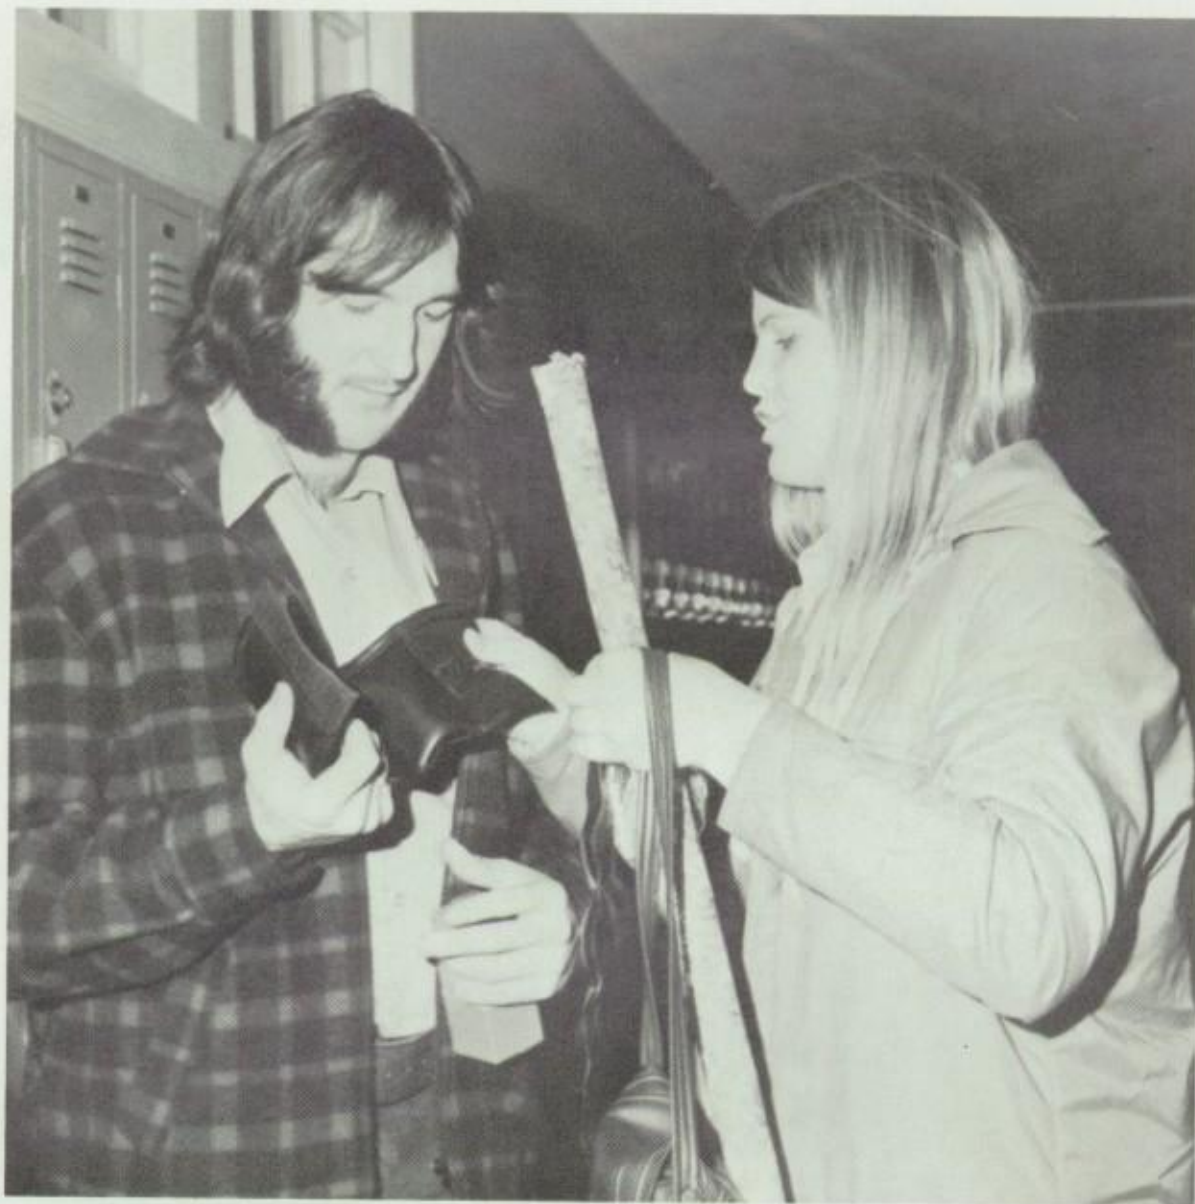

MIKE conversed with MR. KRONSBELN.

KAREN SISLER and MIKE McLEAN discussed "pocketbook" problems, in gift giving.

One of the greatest things that can happen to someone is to be given the opportunity to live in another country. I've attended S.J. over the past year, and during that year have become attached to the school and especially to the people. But my time was up and I was about to go home, when suddenly I realized that I would be leaving so many new found friends. It's hard to explain the way this effects me and I know I'm gonna miss all the accents, McDonald's, the friendly greetings, all of you. It's been bloody marvelous! Thanks a million for this opportunity to express my appreciation. Hope to see you down under someday mates.

So long Cheerio,

As the advisor and teacher to most of the groups in the musical field, MR. WARREN A. TURNER, had a great responsibility on his shoulders in the leadership and organization of various performances and competitions in which the musicians took part. This year Mr. Turner started a new group, Flag Girls, to improve the appearance of the marching band. Thus making a better impression when performing in competition and earning the band higher placement. Mr. Turner is most certainly a vital factor in the smooth running of musically oriented activities.

Mrs. McThing was presented, December 6, 7, 8 in the San Juan High School Auditorium by the Theater Workshop. The cast did a terrific job and really appreciated the assistance of their director, Ms. Jane Stewart and the Technical Director Mr. Gunter. The play was a well acted comedy, which was set in the 1950's era.

The story was about a hideous witch, Mrs. McThing who lived with her daughter Mimi in the Blue Mountains. It told of how a wealthy widow Mrs. Howard V. Larue III and her poor-little-rich-boy son in her wrath thus becoming victims of her magic.

Virginia Hillenbrand
1973-1974
Homecoming Queen

One of the most important and long awaited activities of Homecoming Week is the coronation of the Homecoming Queen and Princesses. This year was no exception and on October 19, 1974 San Juan held it's annual Homecoming ceremony.

Sports car buffs as well as girl watchers got a treat as the Spartans bevy of beauties were driven around McArthur field. Each of the candidates waited in anxious anticipation as one by one the names were announced. Each newly elected princess was congratulated by the other candidates in the car before stepping down to receive her tiara and flowers. When VIRGINIA HILLENBRAND'S name was announced as the 1973-74 Homecoming Queen she stepped from her car with all the grace of a true Queen.

Freshman candidates were (TOP L-R) BECKY BAUMBACH, JOYCE SAVIDGE, and CINDY WHITE. Sophomores were (ABOVE L-R) SUE TOWNSEND, LISA PETERSON, and ROBIN FILES. (LEFT) Junior candidates were (L-R) PAM GARCIA, SANDY TOSCANO AND LORI HENSLEY. (BELOW L-R) Senior candidates were VIRGINIA HILLENBRAND, MARISA CATALANO, DENISE CUTIGNI, and PEGGY WARD.

Powderpuff

Seniors Reigned Over Powderpuff

During San Juan's Football Homecoming week in the 1973-74 school year, the first big highlight was the Powderpuff football game played annually between Junior and Senior girls.

Although the Juniors fought tirelessly and never gave up hope, the Seniors won out by a score of 12-6; just one small touchdown.

Powder-puff cheerleaders gave the game an added attraction. However, not much was needed to encourage the spectators to go to the well attended game.

One of the highlights of the entertaining game was when a Junior, Cathy Lott, threw a completed, spectacularly long pass which led to the only Junior touchdown. After the game was over, juniors could be heard commenting; "Next year is our turn," "We will win next year!" Everyone who attended to the game had a great time.

LEFT: The fantastic Senior Powder-Puff Cheerleaders cheered the Senior team with their spirited chants on to a great victory over the Juniors.

Following four great years of high school here at San Juan, the graduating class of 1974 looks to graduation as an end . . . and a new beginning. Many cherished hours of hard work and devout study are the accomplishments of the Seniors. Times of glory will always be remembered by everyone in the class: the capturing of first place for the homecoming floats two years in a row, an ever memorable junior prom, and

the excitement of fulfilling the impossible dream of becoming a senior.

Then, on to complete that dream in September of 1973, all the juniors became seniors. Being at their highest peak in high school gave everyone a feeling of success. The many events that highlight your senior year began to take place: thirty-six people were cho-

sen as "Senior Favorites", scholarships were awarded, and the Senior Ball, which will retain special memories for many, took place. Later on, students began taking ACT and SAT tests to find out what they have learned throughout school. For some they were rewarding; for others, just another test.

As school year neared the end, money was saved to

pay for the senior activities. Disneyland, the main event, cost each person \$27, but in the end proved to be worth every cent. The senior breakfast and the picnic will also be remembered when high school life is recollected. Finally came Graduation: an end ... and a new beginning. The best of luck and lots of happiness to the class of 1974!

Robert Rogers
6/3/56-1/25/74

Death is a strange phenomenon which takes place among both the young and old alike. Our hearts go further out for the young, who have not yet tasted the fullness of life. Why must a family have death inflicted upon their only son; why is it that death knocks on the door so early of someone as friendly and well liked as ROBERT ROGERS? God alone has answers.

This page was purchased through donations by students and teachers who knew ROBERT. It will serve as a reminder of what a wonderful young man ROBERT ROGERS was. BOB was one who befriended many and despised none. He was the kind of guy who could be relied on to carry out any task assigned to him, whether great or small. He was the kind of young man that one could turn to observe a smiling face. But most of all, ROBERT was the kind of guy who could be easily loved and admired.

It is because of ROBERT'S participation in yearbook that this page has been dedicated to him. ROBERT busily worked on the sport sections and helped with what ever needed to be done to make the yearbook complete.

The yearbook staff wishes to extend their deepest sympathy to the close friends and family of ROBERT ROGERS. We truly hope that no one will ever forget that wonderful young man.

As They Get to Rolling in CVC Football

In the fight for freshman football, our team wound up about average. Although we had many standouts and spirit, it just wasn't quite enough in the battle of champions. Our team stuck together and used lots of teamwork. They scored many touchdowns; it's just that others teams scored more. Both coaches, Mr. Liebermann and Mr. Dibben, did outstanding jobs in training the freshman team.

STEVE JOHNS (11) turns the corner, shakes a defender, and breaks with his blockers.

Through Effort and Practice They Achieved This Goal.

One of the reasons for the soccer teams success was teamwork, as exhibited here by MIKE ZEPPONI and STEVE CARTWRIGHT.

and Steadiness to Place High in C.V.C.

S.J.'s big and powerful forward, MIKE SCHARLACH, puts his shot up over opponent with authority.

S.J.'s balanced attack was steadied by guard JOHN WOODSIDE, No. 4. In this particular shot, WOODSIDE was caught dribbling around opponent, as MIKE SCHARLACH screens him out.

Sure-handed DAVE JOHNSON received pass from guard BRAIN WHITE No. 3. S.J. had precision passing all through the season, which was attributed to long, tedious hours of practice. This accurate passing was one of the reasons for S.J.'s success this year.

San Juan's varsity Basketball Team, under the coaching of MR. WILSON, was bad news for the other teams in the C.V.C. One reason for the teams' success, was this is the second year most of the members on the squad have been playing together. The other reason was S.J.'s balanced attack. With MASTIN'S, WHITE'S and WOODSIDE'S good percentage shots and DAVE JOHNSON'S excellent moves around the basket, who could lose.

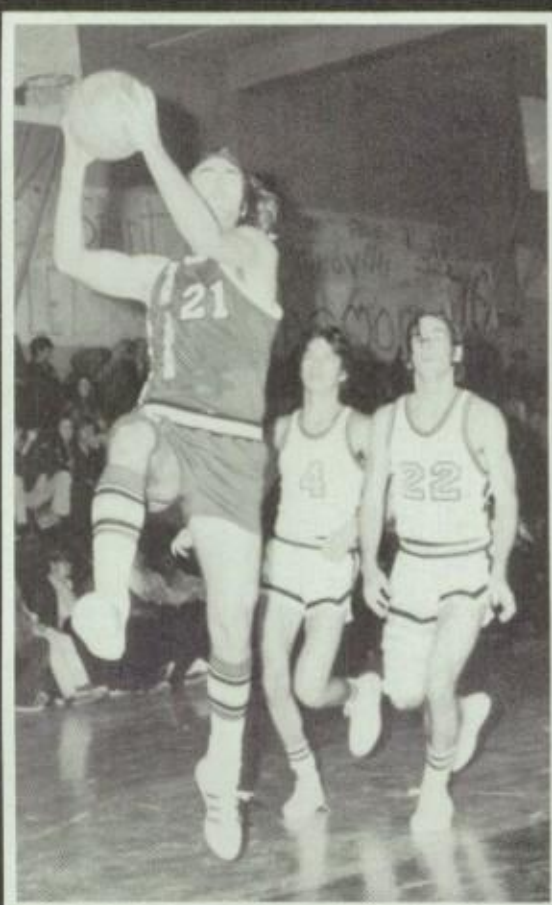

MASTIN, No. 22, shot as SPAIN screened.

VARSITY BASKETBALL

This years J.V. Basketball Team had a winning seasons, as San Juan J.V. Basketball teams have had for many years. Some games the Spartans ran away from opponents and other games, but few and far between, the Spartans lost on last second bad breaks. Some games the team was down by quite a marginal difference, but they never lost their poise and relentlessly fought and shot back as taught to them by Coach Pastor. Surely S.J's J.V. Team will be prominent among C.V.C. Teams for years to come.

Mike Martell maneuvered through Cordova defense. Steve Miller squeezed a jump shot between players.

Martin Ensbury, No. 12, popped at will throughout season.

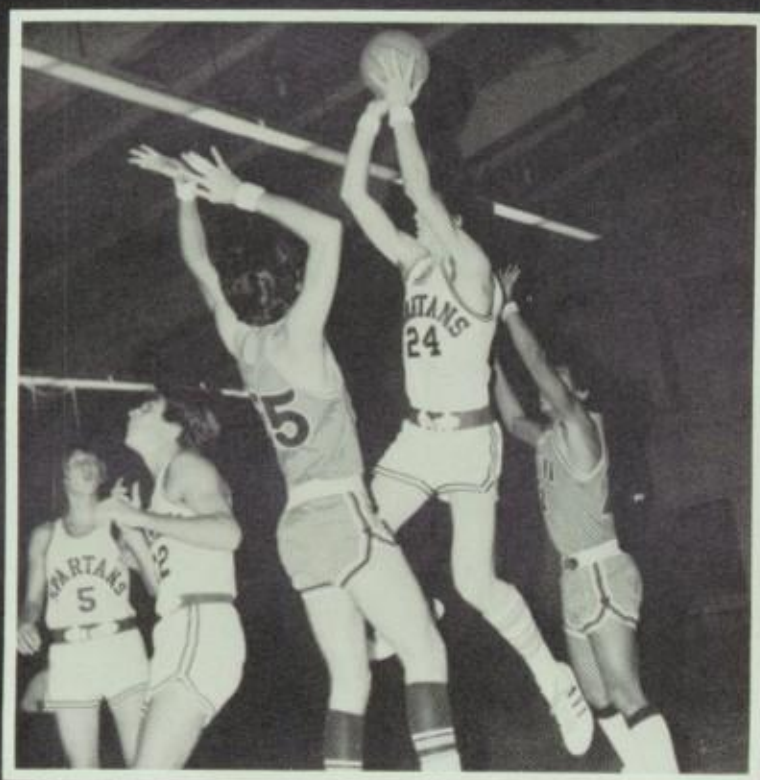

Spartans dominated the boards to thwart the opponents offense. Tom Kelly jumped high over grounded opponents and team members as well, to pull down the rebound as Ensbury, Gaines and Miller waited to assist him. The Spartans did not battle much for rebounds, but rather, skillfully out-positioned opponents for much easier rebounds.

Battling Relentlessly for League Crown

Play maker, Gary Dudley, hit a 15-foot jump shot with expertise.

Steve Miller could always shoot; now he throws his weight around, which this opponent became quickly aware of. The big six foot four inch center gathered a large portion of the team's rebounds, offensively and defensively. Looking on are Tom Kelly and Martin Ensburly.

After obtaining an offensive rebound, Dave Longmire did a jump shot and made sure there wouldn't be another rebound. All good teams have depth and Longmire gave our squad that depth.

Tom Kelly, No. 5, dribbled down court and laid one in.

Lowell McMurrough, superb back-up man, popped for two more points.

Tom Kelly, No. 5, stymied opposition with his excellent moves around the basket.

Starter, Steve Gaines, put a 15-foot jumper through the hoop.

Gary Dudley shrewdly gained position on opponent and laid one in.

"The riders in a race do not stop short when they reach the goal. There is a little finishing canter before coming to a standstill. There is time to hear the kind voice of friends and to say to one's self: 'The work is done.' But just as one says that, the answer comes: The race is over, but the work is never done while the power to work remains. The canter that brings you to a standstill need not be only coming to rest. It cannot be, while you still live. For to live is to function. That is all there is to living"

What constitutes history may be thus described. It is the act of comprehending and understanding induced by the requirements of practical life ... Lots of people have jobs we taught them.

Think of today's Army as the world's largest technical school and you'll realize why we have so many successful alumni.

There are over 300 occupations in today's Army that are like corresponding civilian jobs. So when you learn a job with us you have a skill when you get out.

You get to pick that skill, too, before you enlist. And if you're qualified, you'll get training to perform it like a professional.

While you learn you get paid. Starting at \$326.10 a month before deductions.

If you'd like to know more, call Staff Sergeant RON DELA CUESTA at 635-7760 or see him at 10701 Alicante Way, Rancho Cordova, CA. 95670.
